Pink Wintergreen

Candystick

Chocolate Lily

Evening Primrose

Dear Friends of Savary,

Only a few days until the “Savary Island OCP Amendment Bylaw No. 403.1, 2010 Public Hearing” Sunday May 23 1PM at the Main Fire Hall. The Island needs your support to protect sensitive areas and archaeological sites on DL 1375 the “former Trillium lands”.

We believe that the best possible outcome for this property would be to protect it in its entirety as an Ecological Reserve now and forever.

We recognise that local zoning is critical now if the land is to be subdivided.

Attend the meeting and voice your support.

Please remember to email: planning@powellriverrd.bc.ca or fax 604 483-2229 the Powell River Regional District BEFORE FRIDAY May 21 at 4:30 PM.

Need more information: Visit www.silts.ca or email me at silts@telus.net

Please share this message with your Savary contacts.

Liz Webster M.A.

Executive Director
